City Administrative Officer

Subject: **MOTION (MARTINEZ, PRICE, RODRIGUEZ, WESSON - KREKORIAN, C.F. 20-0692) - REDUCE LOS ANGELES POLICE DEPARTMENT BUDGET TO REINVEST INTO DISADVANTAGED COMMUNITIES AND COMMUNITIES OF COLOR**

SUMMARY

On June 16, 2020, Council adopted Motion (Martinez, Price, Rodriguez, Wesson - Krekorian, C.F. 20-0682), instructing the City Administrative Officer (CAO) and the Chief Legislative Analyst (CLA), with the assistance of the Mayor, to work and identify at least \$100-150 million of reductions from the Los Angeles Police Department (LAPD) budget for the purposes of reinvesting these funds into disadvantaged communities and communities of color. The Motion recognizes that a city's budget is a reflection of a government's values, principles and priorities and for the past few weeks, in the aftermath of the killing of George Floyd, advocates and organizers across the City have demanded a reshaping of the City's budget.

Accordingly, our collective offices reviewed the LAPD budget and have developed recommendations to achieve reductions totaling \$100 million to \$150 million without necessitating the layoff of Police Department personnel. While reductions were required for all City operations in order to balance the budget during these fiscally challenging times, our offices continue to urge caution in incurring additional expenditures until there is more certainty with revenues and expenditures as the City emerges from the COVID-19 pandemic. As reported most recently in the CAO's Year-End Financial Status Report, the City is ending Fiscal Year 2019-20 approximately \$100 million less than anticipated in the 2020-21 Budget and, as reported during the budget deliberations in May 2020, the City is facing a potential revenue shortfall ranging from \$45 million to \$409 million. These two factors will have a significant negative impact on the City's reserves and may forebode additional reductions to maintain a balanced budget in 2020-21.

The Motion further instructs the CAO and CLA to provide recommendations on how to reinvest these funds back into disadvantaged communities and communities of color. To begin, we recommend that funding derived from the reductions be placed in the Unappropriated Balance. This will allow for a more thoughtful discussion of all proposals as well as provide an opportunity for community engagement and input. With this approach, the City's fiscal condition may also be considered prior to the appropriation of funds.

A number of proposals have already been presented regarding the reinvestment of funds. In addition, the Departments of Economic and Workforce Development, Housing and Community Investment, Recreation and Parks, the Los Angeles Department of Civil and Human Rights, the Human Relations Commission, and the Youth Development Taskforce operate applicable programs and/or may be in an optimal position to advise policymakers on how best to proceed in identifying existing and new programs for funding, development of an oversight structure, and

setting goals for this initiative relevant to the Motion. Therefore, we recommend that these agencies be included in the development of a more comprehensive report that addresses how best to proceed programmatically. As part of this process, public input will be sought to ensure the results meet the needs of the impacted communities.

RECOMMENDATIONS

Should the Council decide to redirect funding allocated to the Police Department by reinvesting these funds into disadvantaged communities and communities of color, it is recommended that the Council, subject to the approval of the Mayor:

1. Instruct the City Administrative Officer (CAO) and the Chief Legislative Analyst (CLA) to report with recommendations on a structure for the reinvestment of these dollars back to impacted communities, including but not limited to methodology, allocations, strategies and a community engagement process.
2. Direct the Departments of Economic and Workforce Development, Housing and Community Investment, Recreation and Parks, the Los Angeles Department of Civil and Human Rights, the Human Relations Commission, and the Youth Development Taskforce, to work with the CAO and CLA to report on programs that could support the equitable use of reallocated funds, devise a community engagement strategy, and develop an oversight structure to monitor and ensure program effectiveness.
3. Direct the Police Department to manage their overtime use to minimize overtime banking and report to the Budget and Finance committee monthly on the status of the sworn and civilian overtime budget expenditures and banking.
4. Instruct the City Clerk to place on the agenda of the first regular Council meeting on July 1, 2020 or shortly thereafter for the purposes of reallocating funds:

For a \$100 Million Reduction to Police related expenditures approve reductions A through K:

Reduction A

- A. To reflect lower than budgeted Metro transit security expenditures due to the Crenshaw Line not opening in 2020-21, reduce the Police Department Sworn Overtime account by \$6,870,000 and transfer \$1,150,725 to the Unappropriated Balance, Reinvestment of Funding for Disadvantaged Communities and Communities of Color as specified in Attachment A.

Reduction B

- B. Transfer \$16,630,973 from the Los Angeles Police Department and various funds to the Unappropriated Balance, Reinvestment of Funding for Disadvantaged Communities and Communities of Color as specified in Attachment B to reflect sworn salary, Medicare, and pension savings due to the sworn force starting 2020-21 with 10,009 officers rather than 10,103 as assumed in the 2020-21 Budget

Reduction C

- C. Transfer \$2,052,892 from the Los Angeles Police Department and various funds to the Unappropriated Balance, Reinvestment of Funding for Disadvantaged Communities and Communities of Color as specified in Attachment C to reflect civilian and sworn salary, health plan, Medicare, and pension savings from eliminating 12 new positions in the Police Department added through the 2020-21 Budget.

Reduction D

- D. Transfer \$2,000,000 from the Los Angeles Police Department to the Unappropriated Balance, Reinvestment of Funding for Disadvantaged Communities and Communities of Color as specified in Attachment D to reflect a reduction to civilian overtime funding.

Reduction E

- E. Transfer \$24,307,091 from the Los Angeles Police Department to the Unappropriated Balance, Reinvestment of Funding for Disadvantaged Communities and Communities of Color as specified in Attachment E to reflect a reduction to sworn overtime funding.

Reduction F

- F. Transfer \$5,000,000 from the Los Angeles Police Department to the Unappropriated Balance, Reinvestment of Funding for Disadvantaged Communities and Communities of Color as specified in Attachment F to reflect a reduction to transportation equipment funding.

Reduction G

- G. Transfer \$2,250,870 from the Los Angeles Police Department to the Unappropriated Balance, Reinvestment of Funding for Disadvantaged Communities and Communities of Color as specified in Attachment G to reflect a reduction to Contractual Services funding for the Records Management System.

Reduction H

- H. Transfer \$1,036,000 from the Los Angeles Police Department to the Unappropriated Balance, Reinvestment of Funding for Disadvantaged Communities and Communities of Color as specified in Attachment H to reflect a reduction to Office and Administrative account funding for the replacement of workstations.

Reduction I

- I. Transfer \$5,000,000 from the Los Angeles Police and Personnel Departments and various funds to the Unappropriated Balance, Reinvestment of Funding for Disadvantaged Communities and Communities of Color as specified in Attachment I to reflect various expense account savings.

Reduction J

- J. Transfer \$25,923,988 from the Los Angeles Police and Personnel Departments and various funds to the Unappropriated Balance, Reinvestment of Funding for Disadvantaged Communities and Communities of Color as specified in Attachment J to reflect sworn salary, health plan, Medicare, and pension savings from reducing sworn hiring and recruitment from 503 to 251 officers in 2020-21.

Reduction K

- K. Transfer \$8,928,186 from the Los Angeles Police Department and various funds to the Unappropriated Balance, Reinvestment of Funding for Disadvantaged Communities and Communities of Color as specified in Attachment K to reflect civilian salary, health plan, Medicare, and pension savings from reducing civilian hiring from 145 to zero positions.

For a \$150 Million Reduction to Police related expenditures approve the addition of reduction L:

Reduction L

- L. Transfer \$50,000,000 from the Los Angeles Police Department to the Unappropriated Balance, Reinvestment of Funding for Disadvantaged Communities and Communities of Color as specified in Attachment L to reflect a reduction to sworn overtime funding.
- 5. Authorize the City Administrative Officer to make any technical corrections to conform with the intent of the Mayor and Council and authorize the Controller to effectuate the corrections as necessary.

BACKGROUND

The Los Angeles Police Department (LAPD) allocation as a percentage of the City's budget has been the focus of the recent budget reduction debate. For the purposes of clarification, the following provides a breakdown of the LAPD budget allocation. Historical information is also provided for comparative purposes.

Table 1 - LAPD % of Budget

	2000-01	2005-06	2010-11	2015-16	2020-21
LAPD Direct Budget Appropriation (Departmental Budget) - % of the City Budget	20.7%	18.6%	17.4%	16.8%	17.6%
LAPD Cost of Operation (includes costs allocated in other areas of budget) - % of City Budget	28.7%	27.7%	30.8%	29.9%	29.9%
LAPD Share of Unrestricted Revenue (City Tax Revenues) - % of Unrestricted Revenues	46.0%	47.0%	52.6%	53.3%	53.8%

Percentages are based on Adopted Budgets

The information in Table 2 below, includes the percentages identified in Table 1 and provides additional historical information for the LAPD.

FINDINGS

Police Department Budget Reductions

The twelve Police Department-related budget reductions detailed below are substantial and will have lasting consequences; that said, we believe that this list of reductions provides an optimal approach for the Department to continue its duties within a reduced budget. If all twelve reductions were approved, it would reallocate up to \$150 million in funding from the LAPD budget to community programs and purposes. Where known, operational impacts of implementing a given reduction are identified. While these reductions may not result in layoffs, some will reduce the hiring of sworn and civilian personnel, causing a reduction in the size of the sworn and civilian workforce due to attrition. If the Council determines to reduce the size of the Police Department, allowing attrition to occur without offsetting hiring is an approach that would avoid the implementation of layoffs. It is estimated that 495 sworn officers and 275 civilians will leave the LAPD in 2020-21. The reductions are listed in ascending order of severity in terms of fiscal and/or operational impact.

B	<ul style="list-style-type: none"> Recognize savings from sworn deployment on July 1, 2020 of 10,009 versus 10,103 assumed in the 2020-21 Budget. 	\$16,630,973	\$23,500,973	<ul style="list-style-type: none"> Results in savings of sworn salaries (\$11,218,951) and Medicare and pension costs (\$5,412,022). No health plan savings will be realized because enrollment in the health plan is below 10,009 officers. This will prevent the Police Department from filling 94 sworn positions above the attrition of 495 officers.

C	<ul style="list-style-type: none"> Eliminate 12 new positions in the Police Department added through the 2020-21 Budget. 	\$2,052,892	\$25,553,865	<ul style="list-style-type: none"> Results in savings of civilian and sworn salaries (\$1,404,879) and health plan, Medicare, and pension costs (\$648,013). Prevents the Police Department from filling eleven new civilian positions, consisting of one Principal Clerk Police, one Safety Engineering Associate II, two Senior Accountant Is, one Senior Management Analyst II, one Systems Programmer II, one Storekeeper II, three Police Special Investigators, and one Police Performance Auditor I. Two of the positions would support revenue collection from proprietary Departments, outside agencies, and the Federal government: Two Senior Accountant Is. One sworn position currently authorized by substitute authority is filled, a Police Deputy Chief commanding the Information Technology Group. Eliminating this position will result in a layoff if a new substitute authority for layoff avoidance is not activated or another Deputy Chief position does not become vacant. If the position is deleted and a substitute authority is authorized for layoff avoidance, the Department will need to generate savings in the sworn salaries account to offset the cost of the position (\$275,926).
D	<ul style="list-style-type: none"> Reduce civilian overtime 	\$2,000,000	\$27,553,865	<ul style="list-style-type: none"> Generates savings from civilian overtime. The department will need to curtail all non-essential civilian overtime. Will reduce the Department's flexibility in assigning civilians to overtime. Fifty percent of civilian overtime is used by Police Service Representatives and Detention Officers. May result in overtime banking but there are too many variables to accurately project banking requirements for 2020-21. Overtime banking increases overtime expenses due to the effects of cost of living increases and promotions on banked overtime values. The civilian overtime bank is a City debt currently valued at \$4,603,629.

Overtime banking increases overtime expenses due to the effects of cost of living increases and promotions on banked overtime values. The overtime bank is a City debt currently valued at \$109,639,184. May negatively impact deployment due to officers using banked overtime to take time off.

The out-of-service rate is the percentage of vehicles that are not available to be utilized by officers on patrol or performing other duties.
